### **Agenda No. 3: Strategizing increment in International Student admissions.**

Some of the fruitful strategy for targeting increasing International student admission was pointed out as follows:-

- a) **Market Research:** Understand the demand for international education in various regions. Identify countries where there's a high demand for quality education abroad.
- b) **Competitor Analysis:** Analyze what competing institutions are offering and identify gaps or areas where you can excel.
- c) **Trends and Demographics:** Study demographic trends, economic conditions, and political factors affecting international student mobility.
- d) **Targeted Marketing:** Tailor marketing efforts to appeal to the specific needs and preferences of international students from different regions.
- e) **Online Presence:** Enhance the institution's online presence through social media, website optimization, and targeted digital advertising.
- f) **Scholarships and Financial Aid:** Offer attractive scholarships and financial aid packages to attract top talent.

- g) **Simplify Applications:** Streamline the admissions process to make it easier for international students to apply.

The meeting ended with word of thanks by the coordinator to the all members present in the meeting.
