

Entrepreneurship Development Cell

Teamwork • Leadership • Innovation

Dear Students/Future Engineers/Technocrats,
I hope you all are fine and healthy

“It’s not about ideas. It’s about making ideas happen.” -*Scott Belsky, co-founder of Behance, Inc.*

On behalf of Entrepreneurship Development Cell, I would like invite you all to join Entrepreneurship Development Cell with the below link

<https://forms.gle/G8dD4cojTxa1eruk6>

ED CELL @C. V. Raman Global University,

The Entrepreneurship Development Cell (ED Cell) of C. V. Raman Global University, Odisha, is a dedicated initiative aimed at fostering a culture of innovation, creativity, and entrepreneurship among its students and faculty. Founded on the belief that entrepreneurial endeavours are crucial for societal progress and economic growth, the ED Cell serves as a platform for nurturing aspiring entrepreneurs, providing them with the necessary guidance, resources, and support to transform their ideas into successful ventures.

“An entrepreneur is someone who has a vision for something and a want to create.” -*D. Karp, founder of Tumblr.*

Mission:

The mission of the Entrepreneurship Development Cell is to cultivate an entrepreneurial mindset among the university community, empowering individuals to identify opportunities, take calculated risks, and create sustainable solutions to real-world challenges. By fostering a conducive environment for innovation and entrepreneurship, we aim to inspire, educate, and mentor the next generation of visionary leaders who will drive economic development and social change.

Vision:

Our vision is to establish C. V. Raman Global University as a hub of entrepreneurial excellence, where innovative ideas flourish, and entrepreneurial ventures thrive. We aspire to create a dynamic ecosystem that encourages experimentation, collaboration, and continuous learning, thereby fostering a culture of innovation and entrepreneurship that permeates every aspect of academic and professional life.
