The AGRIVERSE Club is excited to announce an **Essay Competition** for all students, researchers, and agriculture enthusiasts on the theme:

"Harvesting Intelligence: Merging Organic Farming with AI Technology"

This competition aims to explore the intersection of organic farming practices and modern Artificial Intelligence (AI) technologies, highlighting innovative solutions for sustainable agriculture. We encourage participants to share their thoughts on how AI can enhance organic farming methods, improve productivity, and contribute to environmental sustainability.

Eligibility:

- Open to all students of the University.
- Participants must register in advance.

Competition Details:

1. The essay must be original and not previously published.
2. Word limit: 500 words
3. The content should address the role of AI in organic farming, the benefits, challenges, and potential innovations.

Judging Criteria:

Relevance to the topic, Depth of research and insights, Creativity and innovation, Clarity and coherence of writing

Certificates of Participation for all participants.

Date: 25.01.2025

Venue: AV Room, RIHC

Timing: 10.00 AM TO 12 Noon

Registration link: https://docs.google.com/forms/d/e/1FAIpQLSd_dKax323xmZHv9fHb9x-7P55vPETu8xKWJ_dACxp87GDkbA/viewform?usp=dialog

We look forward to your inspiring participation!

Best of luck to all participants!

Sincerely,
University AGRIVERSE club
