

## Notice

### Quantum Computing Club Orientation Program

**Date:** 25th January 2025

**Time:** 03:00 PM - 04:30 PM

**Venue:** Room No: EB 001, ETC Building, Ground Floor.

**Theme:** *"Quantum Computing in the Next Decade: Exploring Opportunities and Interdisciplinary Applications"*

The **Quantum Computing Club** of **C.V. Raman Global University (CGU)** is delighted to announce its **Orientation Program** on **25th January 2025**, marking the club's inaugural event and the beginning of our journey to explore the transformative potential of quantum computing.

We are honoured to have **Dr. Shreya Banerjee**, Assistant Professor at the **Center for Quantum Science and Technologies, SoA University**, as our inaugural guest speaker. Dr. Banerjee's keynote will cover:

- Quantum computing basics and its relevance.
- Insights into potential interdisciplinary applications.
- Opportunities and challenges in the next decade.

#### Program Highlights:

1. Keynote Lecture: *"Quantum Computing in the Next Decade"*.
2. Q&A Session: Engage with Dr. Banerjee for deeper insights.

We encourage students and faculty from all disciplines to participate and explore how quantum computing is shaping the future.
