

C.V. RAMAN GLOBAL UNIVERSITY

QUANTUM COMPUTING CLUB (OFFICIAL)

NOTICE

Event: Quantum Computing Club - Pilot Event

Date: Saturday, 29th March 2025

Time: 4:00 PM - 5:00 PM

Venue: EB-001

The Quantum Computing Club is officially launching, and we invite you to be part of this exciting journey! This event is designed to challenge your way of thinking, spark curiosity, and open doors to mind-bending discussions.

Whats in store?

- ***Introduction to the QC Club*** - Learn about our mission and how we will push the boundaries of logic, reasoning, and critical thinking.
- ***Short Documentary Screening*** - Explore paradoxes, contradictions, and mysteries that defy common sense.
- ***Debate on Paradoxes*** - Dive into thought-provoking dilemmas like time travel contradictions, logic loops, and puzzles that stump even the brightest minds.

No prior knowledge is needed - just bring your curiosity and enthusiasm!

Whether you love debating complex topics or just enjoy fascinating discussions, this event is for you.
