# From Algorithms to Achievements Innovative Engineers Make It Happen at Sharda

Recognized as one of India's truly global university, Sharda University continues to set benchmarks in higher education. It was recently ranked among the top 25 universities in India by the Times Education Rankings 2025, while THE World University Rankings 2025 placed it 59th in India. Backed by an A+ accreditation from NAAC and positioned at 86th in the NIRF Rankings 2024, the university has distinguished itself through academic quality, innovation, and research.

Offering over 135 UGC-recognized programmes across undergraduate, postgraduate, and doctoral levels, Sharda University has cultivated a dynamic academic environment where interdisciplinary thinking and global perspectives thrive. With students from more than 95 countries, the university is a vibrant, multicultural hub that fosters diversity, collaboration, and forward-thinking learning.

### Sharda School of Engineering & Technology (SSET): Engineering the

The Sharda School of Engineering & Technology (SSET) has emerged as one of North India's most respected engineering institutions. In the NIRF Rankings 2024, it is ranked in the 101– 150 band for Engineering, reaffirming its national standing for quality education, research output, and student

outcomes. Setting a benchmark in technical education, SSET's B.Tech. programmes in Computer Science & Engineering, Civil Engineering, Mechanical Engineering, Biotechnology, Electrical & Electronics Engineering, and Electronics & Communication Engineering are NBA-accredited—one of the prestigious recognition that assures quality in curriculum design, faculty quality, and infrastructure. The school's performance in the Sharda School of

Engineering and Technology, Sharda University, Greater Noida was ranked in the Top 175 Engineering Institute Rankings 2024, 12th in Top 70 Private Institutes - Placement and 7th In Top 30 Institutes - Research Capability under Times Engineering Survey 2024 conducted by OMS (A Division of Times Internet Limited), research by Avance Insights Private Limited. These accolades are a testament to the institution's commitment to modern innovation, hands-on learn-

ing, and industry alignment.

SSET offers a wide range of futureready specializations, including ready Artificial Intelligence, Machine Learning, Cyber Security, Data Science, Internet of Things (IoT), Cloud Computing, and Business Analytics. With a strong focus on research-led education and experiential learning, students are trained in state-of-the-art laboratories and industry-grade environments that mirror real-world challenges.

Beyond the classroom, the culture at SSET is one of invention and entrepreneurship. Students are encouraged to think beyond conventional boundaries and develop innovative solutions to real-world problems. This spirit of innovation has led to the development of impressive student-led projects such as a humanoid robot, electric vehicles for the differently abled and elderly, an electric sports bike named

'Vision', a hubless electric bike known as 'Vaaan', a hybrid solar-electric vehicle, a mountain climber bike, and the Smart Air Purifying Droid (S.A.P.D) These innovations are not isolated efforts-they represent a larger ecosystem that nurtures creativity and supports student-led startups. Many alumni of Sharda's engineering programmes have gone on to launch successful ventures, reflecting the university's role as a springboard for entrepreneurship.

Looking to the future, Sharda University is aligning its academic and research focus with the world's most modern technologies. Efforts are already underway in areas such as robotics, autonomous vehicles, quantum communication, biomedical devices, semiconductor innovation, and next-generation communication networks, including 5G and 6G test beds. These initiatives demonstrate the university's forward-thinking vision and its resolve to contribute meaningfully to the global technology landscape.

In a world that is constantly evolving, Sharda School of Engineering & Technology stands as a beacon for students seeking not only to learn but to lead. With its robust academic foundation, research-oriented approach, and unwavering commitment to innovation, it continues to empower young minds to shape the future.

# **Institute Sets Benchmark with 102** Startups Valued at ₹500 crore

Achampioning Atmanirbhar Bharat and Startup India, GL Atmanirbhar Bajaj Institute of Technology and Management, Greater Noida, has arisen as a crucible of innovation, making waves across India's entrepreneurial landscape. The institution has incubated Around 102 startups, valued at somewhere around 500 crore—an extraordinary feat unmatched by most academic institutions across the country.

What sets this achievement further apart is that over 50% of these ventures are founded by women, reflecting gender parity and inclusive growth.

These startups are purpose-driven enterprises tackling challenges across diverse sectors, including healthcare technology, renewable energy, agritech, edtech, fintech, AI and machine learning, cybersecurity, social impact, and mobility solutions. From mobile apps that assist visually impaired users in navigation to AI-powered platforms enhancing remote healthcare diagnostics, GL Bajaj's innovation engine is solving problems that matter to millions.

#### **Placements That Set Benchmarks**

GL Bajaj's innovation journey is matched by its strong placement record, with over 2000 recruiters visiting its campus annually. Some of the prestigious companies like Amazon, Capgemini, Deloitte, TCS, Infosys, Cognizant, Zscaler, Wipro, and Palo Alto Networks continue to handpick talent from the institution, year after year.

#### **Global Stage: International**

Conferences at GL Bajaj GL Bajaj has become a booming epicenter for global academic discourse. regularly hosting international conferences that unite

Mathura, honoured by Nitin Gadkari, Hon'ble Minister of Road Transport and Highways of India, for his contribution in the field of Electric Vehicles researchers, industry pioneers,

policymakers, and students. The recent IEEE-sponsored International Conference on Power, Energy, Environment, and Intelligent Control (PEEIC 2024) showcased research in sustainable technologies.

Other marquee conferences have explored themes such as Disruptive Technologies in the 21st Century, Multidisciplinary Concepts Management & Innovation, Artificial Intelligence in Healthcare, Smart Cities, IoT & Mobility, and Women in Leadership & Tech. These forums are knowledge-

sharing platforms.

#### Mental Wellness: A Priority, not a Privilege

Understanding that success stems from overall development, GL Bajaj hosts annual Mental Health Conclaves, inviting Spiritual and thought leaders. Names like Sadhguru and Gaur Gopal Das have graced the institution to share

wisdom. The institution has taken a visionary approach to ensuring that students

## evolve emotionally and spiritually.

Innovation at GL Bajaj goes beyond labs. It succeeds in its competitive hackathon ecosystem. Students participate in and frequently win national and international hackathons, including Kavach (Cybersecurity Challenge by MoE & MHA), SuperNova. These events torch the creative and critical minds of tomorrow, producing ideas and solutions

#### **Visionary Visits: Wisdom That Transforms**

What makes GL Bajaj's learning atmosphere even more unique is its regular engagement with icons, cricketers, celebrities, changemakers from various walks of life. Over the past few years, the institution has welcomed Shrikant Bolla, Bill Gates, Chief Minister of Uttar Pradesh- Yogi Aditya Nath, K. Sivan, Ashutosh Rana, Chris Gayle, Brett Lee, Vishwa Hindu Parishad National Secretary Alok Kumar, Sunidhi Chauhan, Kumar Vishwas, Tripti Dimri, Kumar Vishwas, Vicky Kaushal, Sanya Malhotra and many many more. These interactions have left an unforgettable impact on students.

#### Labs That Lead: Tech Hubs of the **Future**

GL Bajaj's infrastructure is an embodiment of its futuristic vision. The institution has specialized Centers Excellence, including Cisco ersecurity Lab – recently Cybersecurity inaugurated, and one of the first in North India, Palo Alto Cybersecurity Lab. These centers are the grounds where the next generation of technologists are built.

In its pursuit of academic brilliance and societal transformation, GL Bajaj a movement that empowers dreamers to become doers, ideas to become enterprises, and students to become global citizens.
