C.V. RAMAN GLOBAL UNIVERSITY

Date: 10th September, 2026

NOTICE

Subject: WORKSHOP ON REAL-TIME 3D & GAME DEVELOPMENT: "INTO THE UNREAL"

The Coding Club CGU along with the Game Development Wing presents "**Into The Unreal**"— A beginner-friendly, hands-on icebreaker into real-time 3D simulation and game development. Moving beyond the terminal, the workshop explores world-building, real-time software, and industry tools, with a look at visual scripting and coding. Participants will master modern engine workflows and render an original 3D scene from scratch.

Event Details:

- Date: Saturday, 12th September 2026
- Time: 10:00 AM
- Venue: EB-001(ECE-DC)

The workshop aims to introduce students to interactive software, creative engine pipelines, and real-time graphics—opening pathways into the gaming industry, upcoming game jams, and technical hackathons
